

Cookies

Cookies are small data files that websites generate and ask to store on your computer. Most websites use cookies in one form or another. They are typically used to:

- remember settings, so you don't have to keep re-entering them whenever you visit a new page
- measure how you use the website so we can make sure it meets your needs

To learn more about cookies and how to manage them, visit AboutCookies.org, or please read on to find out more about how we use cookies.

Measuring Website Usage

Google Analytics is in use to collect information about how visitors use this site. This provides us with important information that can enable the site to work better. We do not link this information to your name or address.

Google Analytics has their own Privacy Policy that can be found here:

<https://support.google.com/analytics/answer/6004245?hl=en>

The following cookies are used by Google Analytics:

Name	Typical content	Cookie expires after
OTZ	A randomly generated string	1 Month
_ga	A randomly generated string	2 years
__utma	A randomly generated string	2 Years
__utmb	A randomly generated string	Less than a day
__utmc	A randomly generated string	When session expires
__utmt	1 or blank	Less than a day
__utmz	Domain hash, timestamp, session and campaign	6 Months

Understanding your web browser capabilities

We set some cookies to store information about your browser settings, to help us continue to develop our website to best suit our users' needs. The following cookies are used:

Name	Typical content	Cookie expires after
has_js	1 or blank	When you close your web browser

Remembering your choices

Certain sections of our site remember your choices, such as if you filter your the content of a page, so you can be provided with the right information as you move around the site. For example, if you filter a list of information we will remember your choice and default to that selection if you visit the page again. These choices are not tied to any personally identifiable information. The following cookies are used:

Name	Typical content	Cookie expires after
SESS<Randomly generated ID>	A randomly generated string	Up to 24 days

Online Maps

We sometimes use maps to show you locations relevant to the section of the site you are viewing. This service is provided by Google Maps. Google sets cookies which are used to store user preferences and information to enable this service. The following cookies are used:

Google's privacy policy can be found at <http://www.google.co.uk/intl/en-GB/policies/> and its terms of service for Google Maps at http://www.google.com/intl/en_uk/help/terms_maps.html.
